DO NOT CIRCULATE

- 25X1X 1. On 11 September 1951, [redacted] from the Schoenwalde (N 53/2 66) - Boetzow road that a semi-trailer was parked in front of a building at Schoenwalde airfield. A set, about .7 meters high, 1.2 meters wide and covered with tarpaulins was mounted on the roof of the semi-trailer. * Soviet soldiers were working on the trailer.
2. On 27 September, the tarpaulins were removed from the set and the parabolic reflector rotated and moved back and forth. Many Soviet soldiers were observed moving between the set and several radio trucks which were parked in a garage behind the set. There was flying by some biplanes in fair weather. **
3. On 11 September, two radio trucks, including one with a seven-section antenna were parked about 40 meters apart west of Schoenwalde-Boetzow road, about 250 meters north of the officers billets at the airfield. ***

25X1X

25X1A * [redacted] Comment. For sketch of semitrailer with mounted set, see Annex, sketch 1.

25X1A ** [redacted] Comment. For sketch of set, see Annex, sketch 2. The set which is reported for the first time, is probably a radar fire control. No information is available as to the frequency on which the set operates.

25X1A *** [redacted] Comment. According to a sketch furnished by source, but not forwarded, the set is a mobile RUS-2 type radar set.
